

# TW-1800 Tablet refraction system

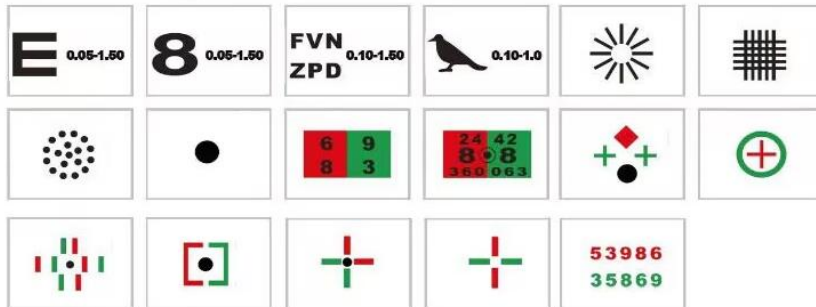

## Other Details:

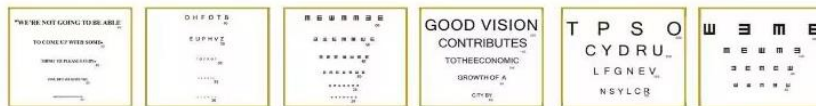

## Specifications:

Installation Distance:	0.2M (equivalent to the standard 5 meters optometry distance)
Number of Charts:	33 (Distance), 6 (Near)
Chart Type:	Tumbling E, Alphabet, Numbers, Children charts, Cross Cylinder, Astigmatism Clock Dial, Cross Grid, Fixation Spot, Stereo, Red & Green Panel, Worth 4 dot, Horizontal & Vertical Coincidence, Schober etc.
Charts Control:	Control Panel of AP- 800 auto phoropter
Charts Size:	210(W)*80(H)MM
Output interfaces:	USB, LAN, RS232, which can realize interconnection with other equipment such as AP- 800 auto phoropter, FA100 auto refractometer and computer.
Wireless Connection	WIFI and Bluetooth are available.
Light source:	LCD backlight, LED fill light
Voltage:	AC110V 60Hz, AC220V 50Hz
Power:	148VA
Dimension:	450(W)*555(H)*470(D)MM

## Distance Charts Type:

## Near Charts Type:

## Flexible Usage:
